## Democrats Host Sadler

By Evan Kramer

The Curry County Democratic Party held their annual dinner Saturday night at Honey Bear Campground and played host to guest speaker Russell Sadler.

Several candidates for county positions attended the dinner and were introduced including commissioner candidates Cheryl Thorp and David Wilken, sheriff candidate Mark Creighton, surveyor candidate Jerry Floyd and treasurer candidate Patty Ingersoll.

Democratic Party chairperson Martha Weaver-Britell said the party supported opening the Democratic Party primary to voters registered as independent.

She introduced Russel Sadler as having a syndicated radio show for 27 years, trained quarter horses and a licensed soccer referee. He also teaches at Southern Oregon University in Ashland. Sadler's daily radio commentary can be heard locally on the Jefferson Public Radio morning news and the Jefferson Daily on KSOR 89.3. He also writes a monthly column for the Jefferson Public Radio program guide and was a columnist for the Oregonian for ten years. He moved to Oregon from Cleveland in 1965 and has immersed

himself in the politics of this state ever since.

Sadler warmed the large crowd up with a few jokes including what follows two days of rain in Oregon? – Monday. He referred to kelp as the state flower.

Sadler's talk centered around problems with the initiative process including the rural-urban split. He said Oregon was the first state to pass the initiative process and the second state to implement it in 1902. He said in the last four years that one half the initiatives that have been passed have been challenged in court. He made a point of stating that the Portland area is increasingly dominating state politics. He talked about the lawsuits against Measure 16 (physician assisted suicide) which passed in 1994. He said national interests were unwilling to stand by the will of the Oregon voters.

Sadler gave a couple of examples of early initiatives including one regulating the size of hotel sheets and another outlawing smallpox vaccinations.

Sadler said lobbyists have now taken over the initiative process using paid signature gatherers. Sadler called the state legislature a "balanced brawl" as opposed to the initiative process, which he called just a brawl. He then went back to the subject of the Portland area versus the rest

of the state. He said Measure 5, which was voted into effect in 1990 passed in 13 counties including all eleven northwest counties. He said as a result of this initiative and shift in school funding from local school districts to the state all the educational policy is now made in Salem.

Sadler said in a recent poll that only 45% of the voters say they should be able to vote for anything that gets on the ballot; a figure which has been shrinking steadily. Sadler's opinion was that the initiative process couldn't survive if only 45% of the people believe in it. He said lobbyists have taken over the initiative process. He ended his speech on that remark.

## Port Elects New Officers

The Port of Port Orford commission met last Tuesday night and elected new officers for the remainder of the year.

Lisa Wagner-Cobb served as temporary chairperson at the beginning of the meeting in place of Bill Oleson who resigned at the March meeting.

Port Manager Gayle Paige told the commission and the public that the Port has received a \$10,000 grant from the Oregon State Marine Board (OSMB) to fund replacement of the fuel storage tank at the dock. The Port has been notified it can

## Assembly of God

National appointed Assemblies of God home missionaries, Rev. and Mrs. Mike Hodges will be guest speakers at Port Orford Christian Center for the church's annual mission's convention May 3, at 10:45am. Mike is the senior executive director for Teen Challenge International, Pacific Northwest Centers. He oversees the ministry operation in Oregon, Wash-

ington and Northern Idaho. Mike also serves on the TCI National Board as the Regional Representative for the Northwest which includes Alaska, Montana, Wyoming and Idaho.

TCI, which is celebrating it's 40th anniversary this year, has over 130 residential programs in the USA and ministries out-reaches in over 50 other countries. TCI's

purpose is "to evangelize people who have life-controlling problems and initiate the discipleship process to the point where the student can function as a Christian in society, applying spiritually motivated biblical principles to relationships in the family, local church, chosen vocation and the community."

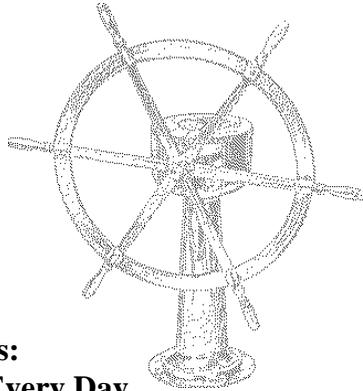

Every day over 2,000 young people, who are struggling with life-controlling problems are being helped to become mentally sound, emotionally balanced, socially adjusted, physically well and spiritually alive. The US government has done studies on TCI that prove that TCI has as high a recovery rate as any program of it's kind.

Mike and Betty Hodges pastored in Port Orford seventeen years ago. They now have four grown children and three grandchildren and are looking forward to spending some time in one of their favorite places in the world.

## Using the Oils

By Graeme Graydon

There are people who, at the first sign of a problem in their life or their body, sit down quietly and ask "what is going on in my life, what am I allowing/choosing

that is causing disharmony, what can I do to change it?"

They know that there is always something to be done to begin to change the circumstance. There is always a next step to take. It may include asking a health professional for assistance, but it never means that someone else is going to fix their problem. They live in this understanding-it's my body, it's my life, only I know what is best for me. They find something to do, and actually do it. This is the Biggie-to actually do it. But the moment this barrier is crossed, it becomes natural to take care of one's self.

We all walk around in some kind of emotional state. I have no doubt that all vulnerability to disease stems from sorrow, loss and fear held closely within the

power centers of the body. Unless some happiness is allowed, that sorrow will probably dis-ease in the physical body in time.

I have found that rather than exploring those dark places to find reasons, it is better to turn away from them and look for something that brings joy. Light will always transform darkness given time. One easy and effective way to start a better direction is to know how and when to use essential oils. If you don't like how you feel, you can usually find an oil that will give you a lift. Maybe the first thing is to calm down-right in the middle of the upheaval. Take time to pour 3 drops of a blend of Orange, Tangerine and Ylang-ylang oils into the palm of your hand as if it was a little bowl. Using the first two fingers of your other hand like a paintbrush, stir the oil gently, then dab a little of it behind your ears, on the throat, over your heart, breath deeply with your hands over your face, it will do its job beautifully. That you took the time to do this, even before the oils begin to work, you will be calmer, you will have returned to your Center.

To be continued...-

## Letter to the Editor,

Only a few years ago we became the first city in the state to boast a handicap curb or ramp on every corner along the 101 corridor. This was paid for with a grant (which we all paid for through taxes).

Now, they want to cover all of these up with an obstacle course, of course there will be another handicap ramp installed also. The flower boxes extending out into the 101 corridor will cause more fender benders than we already have. A person, before considering such a change, should watch the traffic going through our town from June through October before installing such an obstacle course for them to navigate through.

Many a car jumps the curb coming into my station now. What will it be like when the curbing is extended out further yet.

The map on the wall at City Hall has several errors in it. One especially is between 15th and 16th streets on the east side of the highway. It shows my service station with a jungle next to it stating that it is a vacant lot, when in fact there is a Union Oil bulk plant on it, and the only plants or trees are along the creek bank running on the north side of it.

All the above is free? It comes in the form of a grant which we all pay for, one way or the other.

### Pacific High Drawing

The Senior Class will be having a drawing for four dinners at the Talent Show at PHS on May 15. The tickets are for dinners at the Inn at Face Rock (\$20), Lord Bennets (\$40), Boat Works (\$35), and Two Mile Café (lunch). Tickets will cost \$1 a piece, six for \$5. For information, contact Korinn Smith at 348-2262. All earnings go toward the Senior Class trip.

## Mark Creighton For Sheriff

The only Sheriff's Candidate who does not support a Sheriff's Tax Base increase . . . "More money does not necessarily result in better service,"  
**"Just the same service at a higher cost"**

Currently there are 7 deputies providing only 16 hours of coverage county wide. My plan is to cut top heavy management, and place the resources where we most need them, in patrol cars throughout the entire county. I can re-establish 24 hour coverage, cut response time to calls, and solve more cases without an additional tax increase.

Put the "desk force" on the street force. . . I need your vote.

### 55 Alive

SWOCC will be sponsoring a two-day 55 Alive Driving Class in Gold Beach. The class is Wednesday, May 6, 1pm-5pm

and Thursday, May 7, 9am-1pm at Southwestern's Gold Beach office at the fairgrounds.

The course is coordinated with AARP and features information and driving techniques especially of interest to drivers 55 and older. Participants are introduced to ways to reduce their chances of being involved in a traffic accident and may be eligible for insurance cost reductions upon successful completion of the course.

There is an \$8 charge for materials and is made payable to AARP. Pre-registration is required. Call Southwestern for more info or to register. Gold Beach 247-2741, or Port Orford (Fridays) 332-3023.

### Letter to the Editor,

Several people have expressed concern over affording the additional taxes being requested by the Health District.

Hospital management is sensitive to lower income families. Policies allowing free care were put in place for families at poverty levels. Tens of thousands of dollars of unpaid charges are incurred

annually for patients on public assistance. Liberal payment plans are available.

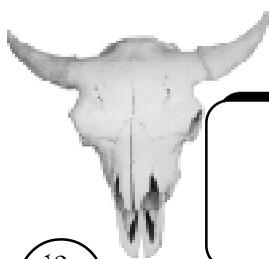

Management and employees of the Health District worked tirelessly to do everything possible to avoid more taxes. Major accomplishments have been made including reducing expenses by 9%. The quality of service increased. Employees are better trained and more “customer sensitive”. New physicians and expanded

diagnostic capabilities were added. But it is not enough.

When it became evident that temporary financial assistance was needed, an extensive list was pared down to 1.5 million dollars, or only 50% of the projected needs during the next five years. The employees will need to work extremely hard to generate the other 1.5 million dollars. It will be a significant challenge to accomplish. Many sacrifices have and will be made by employees.

The hope is that the temporary tax increase will be perceived as a small sacrifice for insuring that healthcare services continue. The vote will certainly send a message to the management and employee team at Curry General and Curry Family Medical, and will set the course for the future of healthcare in Port Orford and Gold Beach. It could really be a matter of life and death. Everyone needs to vote!

Randy Scholten, Administrator  
Curry Health District

### Letter to the Editor,

Dave Wilken is clearly the right choice for Curry County Commissioner in the May primary. His background and experience make him much better qualified than the other challenger, and his efforts on behalf of Curry County have been far more impressive.

I've had quite some time to work with him on public matters. I've observed his skills, his manner, and his thinking. He has that rare ability to "see the forest and the trees", plus extraordinary "people skills" and a pleasing personality and disposition. Such qualities will serve us well in the next few years as we try to cope

with the very serious problems our county is facing.

In a time when voters often feel locked out of the public process, Wilken goes out of his way to listen to the concerns of the public and individuals. He understands local government and the public process. He was highly regarded as an honest, effective, hard working public servant during his twelve years, without pay, as an elected official.

Those who say there's no such thing as a "County Commissioner 101" class are just plain wrong. Wilken's degree in sociology from Notre Dame, one of the country's finest universities, gave him a

great start in training for this position. He's worked in the public and the private sector, and now runs his own business. He's made policy, heard appeals, and balanced budgets. He's respected and respectful. He knows the whole county. He's trained, skilled and ready. Vote Wilken.

Midge Hayes

### Thank You

Thank you to all the people at the High School on April 23 when our son fell, and to Priscilla Land, Diana Bussman and Richard Green of the Port Orford Ambulance for your swift response and excellent care of Chris.

## Curry County Commissioner

Paid by the Committee to Elect T. V. Skinner

**He Has Earned Your Support!**

### Letter to the Editor,

Kathy Bell is a candidate for County Treasurer. I have worked professionally with her so I understand and appreciate her qualifications and competence to perform the job of County Treasurer. She has the best work experience, education and training of all the candidates for Treasurer which will enable her to perform that job superbly. She is the only candidate who would enable the County Commissioners to combine the jobs of County Treasurer and County Accountant into one office. This offers Curry County the unique opportunity to save the expense of one executive in a time of diminishing timber revenues and increasing taxes. Also, when Kathy Bell was County Accountant, she learned the duties and procedures of County Treasurer and will not require any training time before she can start doing the job.

Before you vote, read each of the candidates' statements in the Oregon Voter's Pamphlet. Pay special attention to each candidate's "occupational background" and "educational background". These are statements of FACT required of each candidate by Oregon's election laws and must be truthful under the penalties of perjury. After you have read them, I am certain you will agree with me that Kathy Bell is the best qualified candidate for Curry County Treasurer.

Respectfully submitted,

Richard E. AuFranc

### Letter to the Editor,

The Curry Health District Special Bond Request for 1.5 million dollars was defeated by a slim margin. Taxing districts aren't accustomed to taking No for an answer. As a consequence they will re-submit their request for the additional funding on the next scheduled election date of May 19.

Uncharacteristically, the Hospital district has resorted to the use of strong arm tactics to induce Port Orford residents and other No Votes to cast their vote in the affirmative by threatening to shut down the Curry Family Clinic and the Gold Beach Emergency Room if the sec-

ond bond issue fails once again. That's the wrong approach since our tax bill currently reflects payment for these medical services. Besides pressuring the County with facility closure tends to infuriate Curry Residents strengthening their resolve not to be intimidated. The Hospital District has not verified the necessity for the 1.5 million. They are presently operating on a 320,000-dollar tax base, which increases by 3 percent a year plus their annual revenue.

Singling out Port Orford and Gold Beach for punitive measures if the May Bonds issue fails drive a wedge between the Hospital District and Curry residents. Closure would in effect dissolve the Curry Health District and in its wake trigger a refund of taxes for services not received. Curry Health already takes a significant bite out of our Tax Dollar. Voters should not be browbeaten into changing their vote because of the improbably threat of closure.

Louis Mincer

**Letter to the Editor,**

I attended a work party at the home of Cheryl Thorp to help put address labels on her campaign flyers. There were ten people who showed up to help out. By the time we were through two and half hours had passed and we had all learned a little about each other. Much to my surprise everyone there had heard of the work party being planned and has asked to be included. One lady was from Marin County in California, four people were Republicans, and the rest were Democrats. This tells me that Cheryl's integrity and dedication make her a candidate worth crossing party lines to elect as our county commissioner. All of these people have known Cheryl long enough to recognize her ability and know she is the best possible choice in this election. I urge everyone who wants the best to vote for Cheryl Thorp for county commissioner position 1. Don't let someone else elect the officials that represent you... Please Vote.

Memorial services for Alfred E. Johnson, long time resident of Port Orford, will be held at the Port Orford jetty on Saturday, May 2, 1998, at 11:00am.

In lieu of flowers, donations can be made to Curry County Home Health & Hospice or Over the Rainbow, Inc. (Special Needs Riding Program), PO Box 910, Port Orford.

**Bird Class Meets**

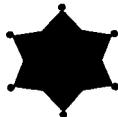

The monthly Bird Identification class will be held on Friday, May 1, 7:30pm at the Senior Center. Please bring field guides. The Saturday morning field trip will meet May 2, at 10am, at the Driftwood Elementary parking lot. We'll car pool to the Sixes estuary to study migrating shore birds. You may want to bring a lunch as the usual 2-hour field trip may be a bit longer. Be prepared for cold wind. Questions? call Jim Rogers 332-2555.

**Jubilee Auction**

The Jubilee Auction will be on June 13 at 6 PM at the Community Building. Proceeds of the auction will help pay for the fireworks display at the 4th of July Jubilee.

Mark your calendars to reserve the date and look around for items to contribute to be auctioned. We're asking for good items you no longer need, but you think one of your friends or neighbors would be glad to have. Sorry, we can't accept clothing. We'll be glad to pick up and store the items until the auction, just call: Dennis Bodewig 332-7915, Pat Bry 332-1765 or Jane Cramer 332-2113.

We hope to have a good selection of used articles as well as a nice variety of new items donated by local businesses. Remember, something you don't use anymore might be just the treasure someone else has been looking for.

**Letter to the Editor,**

I was impressed when I read a copy of "The Creighton Plan" which is titled "The Re-Birth of the Curry County Sheriff's Department From the Top Down." I found the plan to be well thought out, workable, and provided real solutions to the problems of shrinking tax dollars, accountability and management. Most of all, he puts it on the line about no new taxes needed.

After reading this plan, I believe that presenting a plan to the voters for their review before an election should be mandatory for all candidates. This would give the voter a better understanding of the candidate and his or her goals.

The County is currently facing a shortage of \$721,000. That means, we must reorganize to continue to provide the same services we do now. If we don't reorganize, we will need to cut positions to

make up for the shortage of funds, or go to the taxpayer for more money. That is unacceptable. In the past, the positions which normally get cut are the positions that are doing most of the work, and they are the ones that are needed the most.

"The Creighton Plan" is must reading before your cast your ballot. Find a copy and become an informed voter, make an intelligent choice.

Sincerely,

Bill Roberts

**Letter to the Editor,**

In September we had a plan to study the Wetland behind Driftwood School. In October we cleared the overgrown brush.

Then some very nice people donated some trees and some berry vines to plant that would attract birds and wildlife. Everything was beginning to grow. We were doing plant research on the things we had planted.

Something terrible happened at Driftwood on the weekend of April 12th. On Monday when we came out to look at the Wetland, we saw that all of our trees and vines were pulled up and dead. We are going to replant our trees this Spring. If anyone has any extra seedlings to donate, please call the school at 332-2712. We would also like to know if anyone say this happen.

### **Hospice Volunteer Training**

SWOCC of Gold Beach, in continuing its support of the health and welfare of the community, is offering a course in Hospice Volunteer Training. The training sessions are Wednesdays starting May 6 through June 24. They will be held at the Gold Beach office of Curry County Home Health at 29984 Ellensburg from 2pm-5pm. The cost for materials is \$35.

Anyone interested in expanding their knowledge in the areas of understanding the dynamics of death and dying, grieving, or improving communication skills to individuals and families facing life threatening illnesses is encouraged to attend.

The basic principles and history of the hospice movement are presented, as well as skills needed by volunteers to carry out

their roles. Volunteers are used in all facets of the program from respite care to fundraising to clerical assistance.

All Hospice volunteers are required to have training, but completion of the course does not obligate anyone to be a volunteer. Call Southwestern for more information or to register: Gold Beach 247-2741 Brookings 469-5017 or Port Orford (Fridays) 332-3023.

**Dr. Pitchford Joins Clinic**

Tom Pitchford, M.D., and Curry Health District administrators have agreed to merge the two medical clinics in Port Orford. Dr. Pitchford and Randy Scholten, the district's chief executive officer, met last week in Gold Beach to discuss details. Dr. Pitchford has practiced in the area for the past dozen years. The health district has operated Curry Family Medical clinic in Port Orford since the mid 1980s

Dr. Pitchford will join Curry Family Medical clinic's staff of rotating physicians and will begin seeing all his patients there by mid-May, Scholten announced.

**HOME & FARM  
VETERINARY SERVICE**

**WILL WILCUT, D.V.M.  
(541) 332-2039**

*A Mobile Veterinary Service  
Serving Curry & Coos Counties*

Dr. Pitchford and the district have been working for several months on the merger, Scholten added. Dr. Pitchford currently uses the laboratory and x-ray facilities at Curry Family Medical.

Curry Health District operates Curry Family Medical in Port Orford and Curry General Hospital in Gold Beach. In 1996, the district restructured its leadership. Currently, a three-member council manages the district. Besides Scholten, the council members include Dr. Reg Williams, medical administrator; and Millie Bird, clinical administrator.

An open house will be scheduled for the public to tour the clinic, and meet the physicians and staff in early May.

## Audubon Society

After many years of speaking to enthusiastic audiences across the country, Lou Gold has become a nationally known

and inspired piper of ecological idealism. His wilderness tales of bears, owls, fungi and wildfire reveal the secrets of old-growth forest ecology and his tough-minded analysis of Forest Service policies shows citizens how to end the damage being done to our public lands. An encounter with Lou Gold and his vivid slide show will convince even the most skeptical of the urgent need to protect our quickly vanishing natural areas. It is a message of hope, power and opportunity for all who care about wild places.

A popular favorite on the lecture circuit, Lou Gold's presentation has drawn large audiences of diverse backgrounds ranging from experts at the Yale School of Forestry to the tough-minded at the Harvard Business School Club to idealists at John Denver's Windstar Symposium.

There will be two events: "Lessons From the Ancient Forest: Earth Wisdom and Political Activism" slides and stories presented by Lou Gold. Mark your calendars for May 7th at 7pm in the West Room, Community Bldg., City Park, Bandon or May 6th at 7pm at the Court House Annex, Blue Room, Gold Beach. Slides and Stories will be free to the public.

draw up to \$75,000 in grant money from the Department of Environmental Quality for the new fuel storage tank. The Port would have to do a 25% match with the DEQ grant and they could use the OSMB grant as part of that match.

A House of Representatives committee has approved a 1.5 million-dollar allocation for the new permanent dock project. The allocation for the 1.5 million is in a Senate conference committee.

New port commission member Cecil Ashdown nominated Gifford Barnes to fill the position of president of the board. The motion passed 3-0. She then nominated Scott MacDonald to fill the vice-president spot and that motion passed unanimously. Lisa Wagner-Cobb holds the secretary-treasurer position.

The commissioners discussed the vacancy created by Oleson's resignation. Gayle said there were three more years left on his term. The vacancy will be advertised in the newspaper. You need to be a registered voter in the port district to be eligible to serve on the Board.

The commissioners approved a motion transferring the Coastal Aquatics lease at the dock to Corvello Fisheries.

The commissioners approved a motion for Gayle Paige and all the members of the board to be able to sign checks. They set May 28 as the day for their budget committee hearing.

Gayle Paige said she has heard nothing back from the State regarding the emergency status request because of this past winter's storms. She said it would be at least a year before any assistance was offered.

---

## Watershed Council

The Watershed Council has received confirmation from County Road Department Director Dan Crumley that changes in the local road spray program will continue this year. Last year's program, negotiated between the Watershed Council and Crumley, eliminated the chance of County applied herbicides ending up in the City's water supply. The following County roads, which effect both the Garrison Lake watershed and the North Fork Hubbard Creek reservoir, will not be sprayed: Arizona Street, Paradise Point Road, Garrison Lake Road, Port Orford

Loop, Silver Butte Road, Knapp Road, and Hensley Hill Road. Property owners along these County roads are responsible for weed and conifer removal to keep the rights-of-way from becoming overgrown and hampering driver visibility.

Other County roads will be sprayed, as usual, this spring and fall. Property owners along these roads can enroll in the Road Department's "No Spray" option by calling the office at 247-7097 and requesting the necessary form to file. The Department will mail the form, which must be completed and returned, and then will mail special signs to be posted at both ends of the "NO Spray" stretch of road. Those opting for the program become responsible for weed/conifer removal.

Watershed Council Chairman Dave Wilken said, "Dan's cooperation in this matter has been very enthusiastic. He is aware of the need to eliminate any chance of the County contaminating our water supplies, and is looking at the entire County road system for similar opportunities. He is to be commended for his efforts."

Regarding the past success of the agreement, Wilken said, "Most property owners were diligent in keeping up our end. It's a small price to pay, pulling or cutting a few plants, to keep our water supplies and our roads safe. The Watershed Council urges everyone involved to keep up the good work, and help, or encourage, their neighbors to comply. We encourage those who live on other County roads to enroll in the other "No Spray" program. Wherever we can replace chemical control with hand weeding, we should. Even the so called "safe" chemicals carry some risk to humans, wildlife, and desirable plants."

---

## Arts Council

The Arts Council has decided to return to the traditional first Friday of the month meeting day. Please join us at 7pm, May 1, in the back of the North Curry Service Center, 1403 N. Highway 101.
